

1. Terminkoordination starten

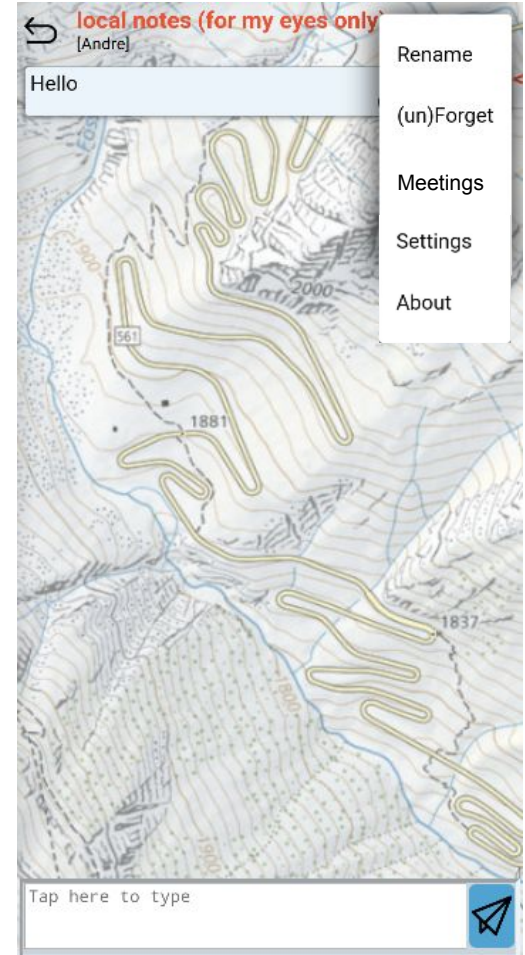

Option 1: Symbol oberhalb vom Textfeld einfügen. Client hat die Option immer vor sich. Bringt Client zu der Einrichtungsseite.

Option 2: Terminkoordination in Settings oben rechts einfügen. Client muss danach suchen. Bringt Client ebenfalls zu der Einrichtungsseite. Einfacher zu Implementieren.

Option 1:

Option 2:

Option 3:

Option 3: Symbol innerhalb des Textfeldes einfügen. Client hat die Option immer vor sich. Bringt Client zu der Einrichtungsseite.

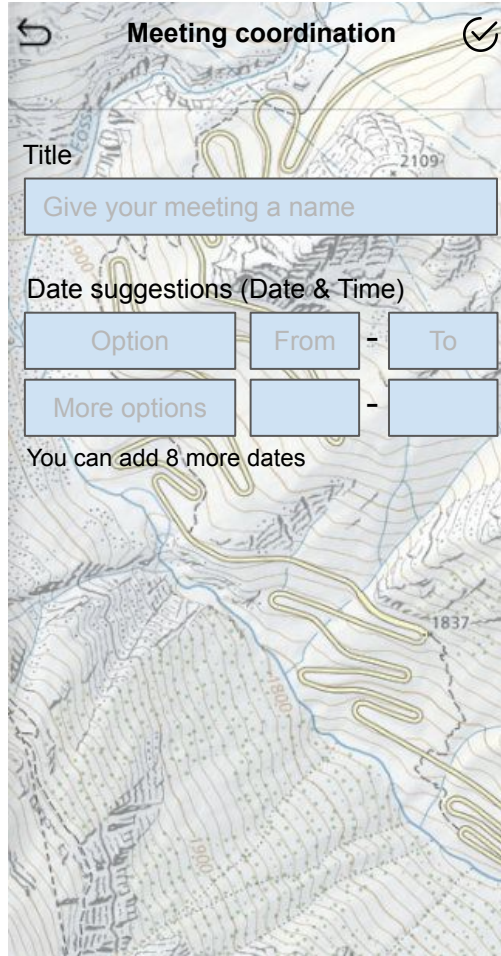

2. Koordinations-Menü

Im Menü kann man ein Titel für das Meeting eingeben. Vielleicht könnte man auch ein extra Feld für Ort einfügen. Unten kann man Datum (DD/MM/YYYY) und Zeit (HH:MM) eingeben. Wenn die 2 Felder voll sind erscheint unten drunter ein extra Feld und so weiter.

Option 1: Tremola Hintergrund-Bild.
Einheitliches Design

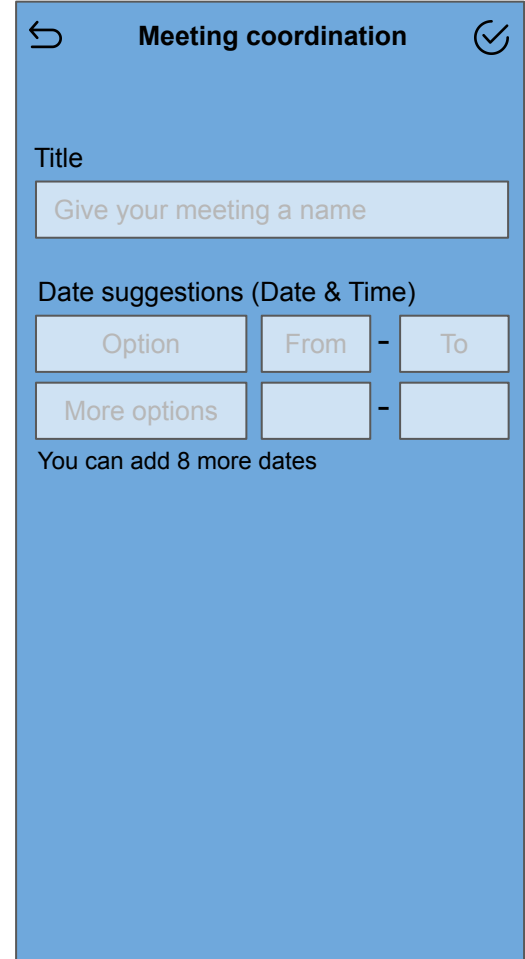

Option 2: Farbiger Hintergrund.
Text ist leserlicher.

Option 1:

Option 1 shows a mobile app interface for 'Meeting coordination'. The background is a topographic map (Tremola). The form has a title bar with a back arrow and a checkmark. Below the title bar is a text input field for 'Title' with the placeholder 'Give your meeting a name'. Below that is a section for 'Date suggestions (Date & Time)' with two rows of input fields. The first row has 'Option', 'From', and 'To' fields. The second row has 'More options', an empty field, and another empty field. Below the date suggestions is a message: 'You can add 8 more dates'.

Option 2:

Option 2 shows a mobile app interface for 'Meeting coordination'. The background is a solid blue color. The form has a title bar with a back arrow and a checkmark. Below the title bar is a text input field for 'Title' with the placeholder 'Give your meeting a name'. Below that is a section for 'Date suggestions (Date & Time)' with two rows of input fields. The first row has 'Option', 'From', and 'To' fields. The second row has 'More options', an empty field, and another empty field. Below the date suggestions is a message: 'You can add 8 more dates'.

3. Daten eingeben

Wenn das “Title”-Textfeld angeklickt wird, erscheint die normale Tastatur.

Wenn das “Date”-Textfeld oder das “Time”-Textfeld angeklickt wird, erscheint das “Screen number pad”. Das “Date”-Textfeld ergänzt automatisch die “/” und das “Time”-Textfeld ergänzt automatisch die “.”

The screenshot shows the 'Meeting coordination' app interface. At the top, there is a back arrow, the title 'Meeting coordination', and a checkmark. Below this is a 'Title' text field containing 'Milestone 1'. Underneath the title field is a section titled 'Date suggestions (Date & Time)' which contains two rows of buttons. The first row has buttons for 'Option', 'From', and 'To'. The second row has buttons for 'More options', an empty field, and another empty field. Below these buttons, it says 'You can add 8 more dates'. At the bottom of the screen, a standard QWERTY keyboard is visible.

This screenshot shows the same 'Meeting coordination' app interface, but with the date suggestions screen number pad displayed. The 'Title' field still contains 'Milestone 1'. The 'Date suggestions (Date & Time)' section now shows two rows of date and time suggestions. The first row shows '07/07/2022', '12:00', and '14:00'. The second row shows '08/07/2022', '13:30', and '15:30'. Below these, there are buttons for 'More options', 'From', and 'To'. It says 'You can add 7 more dates'. At the bottom, the screen number pad is visible, showing digits 1-9, 0, a decimal point, a comma, and a backspace button.
